1. How K-LOVE serves you as a resident of the local community.

K-LOVE provides a unique service to our nation and local community in Littleton, Colorado. K-LOVE is more than positive Christian music.

First, they pray several times daily for individuals with specific prayer requests. Second, they have five staff Pastors who talk to people on the phone. They help people with their personal problems including averting potential suicide attempts. Third, they are a source for upcoming Christian events. I can find seminars and Christian concerts to help me through personal trials and enjoy life. Fourth, they are involved in community activities such as helping people struggling economically. They participate in the COMPA food drive every Thanksgiving, so people have a healthy turkey dinner. They support the efforts of the Denver Rescue Mission in providing food, shelter and education to the homeless.

For the past three years, I have been unemployed or underemployed due to the severe decline of technology jobs. I have received very little support from my government or local church. I may have given up on life without the voice of God everyday through the voice of K-LOVE radio.

K-LOVE is the only positive voice in our nation and my community. Their signal strength, voice, and services are invaluable. It is the only voice on the radio which stands against the moral decline and uplifts people in our nation and my community.

2. The effect on the local community if K-LOVE were to be displaced by LPFM broadcaster providing other programming.

Our nation and community are filled with declining morals evidenced in sex on radio and TV, violent criminal acts, immoral acts committed by recent Presidents, and attempts to remove God from our society. Without K-LOVE, our nation and my community will be worse off.

Many people will have no idea where to turn for help during personal trials, which will result in a negative impact on the community. People who would have found help for their marriage may divorce. People struggling depression may turn or return to their addictions including alcohol and drugs. People struggling with life issues may commit suicide.

K-LOVE is the only positive voice in our nation and my community. Their signal strength, voice, and services are invaluable. Without K-LOVE. The possibility of a significant increase in moral decline will increase significantly.

3. Why you believe that the service provided by K-LOVE is in the public interest.

K-LOVE is the only positive and encouraging broadcasted word. Our airwaves are filled with meaningless political rhetoric, trivial conversations, senseless arguments, and sex. K-LOVE is the only positive and encouraging signal!
